State Hosts Climate Change Public Meeting in Fall River

(Fall River, MA, March 2, 2020)- The Executive Office of Energy and Environmental Affairs is hosting a series of public meetings on the Commonwealth's planning efforts to address climate change and reduce greenhouse gas emissions. Guided by the 2008 Global Warming Solutions Act, Massachusetts is currently studying how to achieve the ambitious climate goal of net-zero greenhouse gas emissions by 2050. These meetings will be an opportunity to learn about the state's research effort as well as to provide feedback on the state's 2050 emissions limit and the implementation plans to achieve it.

A meeting will be held on **Monday, March 9, 2020 from 6:30pm-8:00pm at Bristol Community College**. This event is free and open to the public. If you wish to register, please visit <https://www.eventbrite.com/e/fall-river-public-meeting-on-2050-roadmap-tickets-92360285099>
