No off street parking available.

## MISC. REQUEST:

Request from M&A Convenience located at 229 Eastern Ave for time signs. Business hours are Monday-Sunday 6:00 AM-11:00 PM.

A request from the Mayor's Office to review the traffic pattern on Branch Street was done May 2, 2023 by the Traffic Department. Several phone calls were made to the Mayor's office in regards to Branch Street being narrow and cars not being able to pass each other.

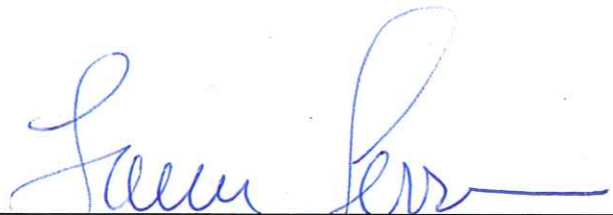

The Traffic Department went to review it and found that Branch Street runs from Second Street to John Street with no parking on the south side of Branch Street, but it was found that there are certain areas of Branch Street that does become very narrow. Upon visiting the area it is the suggestion of the Traffic Department to make Branch Street a one-way heading east from Second Street to John Street a map has been given to the Fire Department to make sure that are no issues.

Request from a resident that lives near the intersection of High Street and Locust Street. Very concerned with the speed and the vehicles not stopping at the stop sign. Resident is requesting a three way stop sign. There are stop signs now on Locust Street at High Street the request would be for a stop sign on High Street for north bound drivers.

**RESCINDED HANDICAP SPOTS**

Request from the Traffic Department to have the following Handicap Spaces rescinded due to individuals no longer utilizing the space because they have either moved, no longer drive or have passed away.

**Bogle Street**
